# Our Services

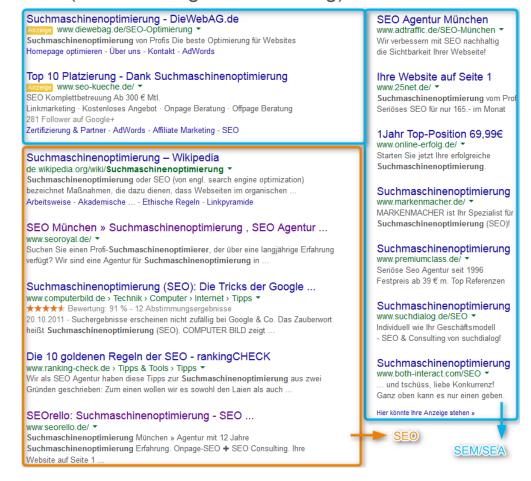

- SEO (= search engine optimization)
- SEA (= search engine advertising)
- SMM (= social media marketing)
- WD (= webdesign)

Different ways to send your brand to the top...

## What is SEO?

- SEO stands for "search engine optimization
- it is one part of the whole online marketing spectrum
- the objective of SEO is to generate traffic from the "free," "organic," "editorial" or "natural" search results on search engines
- SEO does not include paid search ads, which is part of SEA (= search engine advertising)

## Methods of optimisation

#### Main tasks of our optimizations are:

#### a. OnPage

- = all activities you can realise in the website
  - ✓ reasonable URL structure
  - ✓ fitting Meta-tags with title & description
  - ✓ selecting proper headlines & object description
  - √ naming pictures with an ALT-tag
  - ✓ generating internal links
  - ✓ shorting loading time
  - ✓ creating reasonable usability
  - ✓ integrate search engine friendly texts (= WDF\*IDF)

#### b. OffPage

= all activities you can realise in form of "recommondations" (= BACKLINKS) of other websites

# professional link building is necessary

- ✓ comprehensive research of relevant websites
- ✓ extensive analysis & testing of websites
- ✓ continuous evaluation of links
- √ regular DETOX-analysis
- ✓ booking & creation of high-quality blog articles, advertorials, etc.

# Local SEO
